

THE KALA TRIAL EXAM  
Kenya Certificate of Secondary Education  
451/2  
Computer Studies – (Practical)  
JULY. 2026 – 2 ½ hours

Adm No: \_\_\_\_\_ Name: \_\_\_\_\_ School: \_\_\_\_\_

**Instructions to candidates**

- (a) Create a folder on the desktop bearing your admission number and name.
- (b) Answer **all** the questions.
- (c) All questions carry equal marks.
- (d) Passwords **should not be used** when saving files.
- (e) All files must be transferred to the folder created.
- (f) Make printouts of your answers on the papers provided for printing.
- (g) Arrange your printouts and tie/staple them together.
- (h) **This paper consists of 4 printed pages.**
- (i) **Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.**
- (j) **Candidates should answer the questions in English.**

**Q1: SPREADSHEET PRACTICAL QUESTION**

50 MARKS

The table below shows the sales records of six students who participated in a school entrepreneurship project. Each student sold exercise books, pens, files and geometrical sets during a school business fair.

| ADM No. | NAME           | Exercise Books | Pens | Files | Geometrical Sets | Transport Cost |
|---------|----------------|----------------|------|-------|------------------|----------------|
| 4012    | Brian Otieno   | 86             | 120  | 45    | 28               | 350            |
| 4015    | Mercy Wanjiku  | 75             | 98   | 52    | 35               | 420            |
| 4021    | Allan Kiptoo   | 92             | 110  | 38    | 41               | 300            |
| 4024    | Faith Achieng  | 68             | 135  | 60    | 25               | 460            |
| 4030    | Samuel Mwangi  | 80             | 105  | 48    | 39               | 380            |
| 4036    | Hellen Naliaka | 95             | 125  | 55    | 43               | 330            |

Use the following unit prices in separate cells on the worksheet:

| Item            | Unit Price |
|-----------------|------------|
| Exercise Book   | 50         |
| Pen             | 20         |
| File            | 35         |
| Geometrical Set | 150        |

A commission rate of **8%** is awarded to students whose gross sales are Ksh 10,000 or more.

**Required**

- (a) Enter the given data into a worksheet and save the workbook as **Business Fair Sales 1**.  
(5 marks)
- (b) Format the worksheet as follows:
- Apply a suitable title: **SCHOOL BUSINESS FAIR SALES RECORD**.
  - Merge and centre the title across the table.
  - Apply single-line borders to all data cells.
  - Bold all column headings.
  - Format all money values to two decimal places.
- (5 marks)
- (c) Using formulae and cell referencing, calculate the following for each student:
- Sales from exercise books
  - Sales from pens
  - Sales from files
  - Sales from geometrical sets
  - Gross sales
- (7 marks)
- (d) Use an absolute cell reference to calculate the commission for each student based on the commission rate of 8%. Commission should only be awarded where gross sales are Ksh 10,000 or more; otherwise, the commission should be zero.  
(4 marks)
- (e) Using a formula, calculate the net sales for each student using the formula:
- Net Sales = Gross Sales + Commission – Transport Cost  
(3 marks)

- (f) Use appropriate functions to calculate the following:
- Average net sales
  - Highest net sales
  - Lowest net sales
  - Number of students who earned commission (4 marks)
- (g) Use the RANK function to rank the students according to their net sales. (3 marks)
- (h) Insert a new column labelled **Performance Remark**. Use the IF function to display:
- Excellent if the net sales are Ksh 12,000 or more
  - Good if the net sales are at least Ksh 10,000 but below Ksh 12,000
  - Needs Improvement if the net sales are below Ksh 10,000 (4 marks)
- (i) Copy the worksheet contents to a new worksheet and rename it **Sorted Sales**. Sort the records in descending order using net sales. (3 marks)
- (j) Apply a filter to display only students whose performance remark is **Excellent** or **Good**. (2 marks)
- (k) Use the SUMIF function to calculate the total net sales for students whose performance remark is **Excellent**. (2 marks)
- (l) Create a column chart comparing the names of students against their net sales. Give the chart an appropriate title, axis labels and legend where necessary. (5 marks)
- (m) Insert your admission number and name in the header section. In the footer section, add the page number in the format of x of y. (3 marks)
- (n) Set the worksheet to landscape orientation and print: (3 marks)
- The original worksheet
  - The sorted worksheet
  - The chart

## Q2: Desktop Publishing

(50 marks)

The school management of Azani High School is organising a sports day event at the school. They need to invite other schools to the event. Assuming that you have been tasked to design a flyer for the event.

- (a) Open a Desktop Publishing program and make the following page settings. (4 marks)
- Orientation: Portrait
  - Units: Inches
  - Paper size: A4
  - Margin: 0.5 inches all round
- (b) Create the flyer as it appears in Figure 1. Save the design as Sports. (45 marks)
- (c) Print out the flyer later. (1 mark)

# AZANI HIGH SCHOOL

DISCIPLINE • EXCELLENCE • SUCCESS

*Invites you to our*

# SPORTS DAY 2026

**FASTER, HIGHER, STRONGER—TOGETHER WE WIN!**

**DATE:**

**SATURDAY,  
27<sup>TH</sup> JUNE 2026**

**TIME:**

**8.00 AM  
TO 4.00 PM**

**VENUE:**

**AZANI HIGH SCHOOL  
SPORTS GROUND**

## ACTIVITIES

**Track Events  
Field Events  
Team Games**

**Tug of War  
Relays  
Fun Games & More**

COME AND SUPPORT  
OUR CHAMPIONS  
Be Part of The Spirit

**LET'S CELEBRATE TALENT, TEAMWORK & SPORTSMANSHIP**
